IRFAN ABDUL HAMEED

GRAPHIC DESIGNER

Pulikkal, Malappuram | irfan.abdulhameed85@gmail.com | https://irfanabdulhameed.me/

As a skilled graphic designer with 2 years of freelance experience, I specialize in creating visually impactful designs across branding, digital media, and print. My work is driven by a commitment to delivering high-quality visuals that not only meet client objectives but also effectively bring their vision to life. With a strong focus on creativity and detail, I ensure that every project I undertake is both innovative and aligned with the highest design standards.

AREA OF EXPERTISE

Adobe Photoshop	Adobe illustrator	Motion Graphics
Figma (UI/UX)	Visual Design	Adobe After Effects
Adobe Premiere Pro	Video Editing	Web Design

VOLUNTEER / EXPERIENCE

Media Co-Lead, TedXFarookCollege   **2024 - Present**

- Designed (UI/UX) of the official website of TedXFarookCollege in collaboration with the team to ensure an intuitive and user-friendly experience for visitors.
- Developed a cohesive visual identity across all digital platforms, ensuring brand consistency in line with the TEDx guidelines.
- Currently designing social media assets for Season 2, maintaining a consistent visual identity across platforms to boost audience engagement and promote upcoming events.

Co-Lead, TinkerHubFC   **2024 - Present**

- Led the organization of an introductory event titled "Kattan & Introduction," aimed at engaging new members and gathering insights into their areas of interest.
- Developed and implemented a hard-coded dynamic poller with the team to collect data from students on their preferred tech fields.
- Coordinated and facilitated offline hands-on workshops tailored to the interests gathered, providing practical exposure and skill development opportunities for participants.

Media Lead, TinkerHubFC   **2023 - 2024**

- Created a successful reel using After Effects that enhanced the community's visibility.
- Designed multiple posters to promote events and initiatives effectively.
